Re: Weekly Update on Grey Rock Activities – Preliminary Eng/Data Collection

1. Target has completed their work and I have submitted a recommendation for payment to them. I was very pleased with the work that they have done. The site should hold well until construction is ready to begin.
2. The delineation field work is complete. The ACOE is scheduled for the third week of February.
3. The mapping for the surveying is still underway. It is scheduled for completion next week.
4. We made a presentation to local contractors on January 19th. There were approximately 40 contractors there. Heidi is preparing the contact list for all contractors and we will email that to everyone by the end of this week.
5. We are attempting to schedule the meeting with the HOA. Right now it appears that this will take place on the 6th of February.
6. We updated the County's Planning Commission on the latest progress and plans along with the monthly conference call with the homeowners association.
